

Environmental project funding 2026

Apply for up to £6,000 to support your environmental work

Kent Community Foundation supports organisations to make a positive difference in their communities across Kent and Medway. We're inviting environmental groups to apply for grants of up to £6,000 to deliver projects that protect, enhance and celebrate the natural environment.

Previous grants have supported a wide range of projects, including:

- Maintaining and developing community gardens
- Recycling and reduction of waste
- Citizen science and nature monitoring
- Environmental education and awareness
- Community allotments (Amity Allotment Fund)

And other initiatives that unite people to care for their local environment.

For more information and to apply, visit kentcf.org.uk, email hello@kentcf.org.uk or call us on 01303 814 500.
